ATTORNEYS AT LAW

ALL CLIENTS AND FRIENDS:

I am writing to invite you to a free 90-minute *webinar* sponsored by the [Employment Law Alliance](#) entitled “Preventing Workplace Violence: Critical Legal, Behavioral, and Operational Considerations for Employers.” The attached announcement describes the program more fully, including the specific issues that the speakers will address.

You are welcome to share this invitation with as many of your colleagues as you want. Since registration is per site, only one person needs to register if you will be in the same room listening together. If you will be in different offices or in different locations, each person will need to register. You will listen to the webinar and view the PowerPoint slides via your computer, so please be sure you have that capability (links and instructions for downloading any software will be included in your registration confirmation).

As you may know, by virtue of our membership in the Employment Law Alliance, we have the capability and resources to handle all of your employment and labor law needs in every US state and in more than 125 countries.

One of the benefits we provide to our clients is free access to the ELA’s Global Employer Handbook. This one-of-a-kind online resource provides practical information on hiring and firing, pay and benefits and all other key employment and H.R. law issues throughout the world. If you haven't yet registered to use this service, I encourage you to do so. I know you will find it useful.

To register, please visit: www.employmentlawalliance.com; on the right side of your computer screen, under “Webinars,” click the link to register.

If you have any questions about the issues that will be presented or the details of registering, please let me know, or you can contact Linda Henderson at the Employment Law Alliance at: leh@employmentlawalliance.com. I strongly encourage you to take advantage of the opportunity to attend this program.

Sincerely,

A handwritten signature in black ink that reads 'Luis F. Antonetti'.

Over the last 20 years, we have become almost accustomed to seeing headlines about devastating incidents of workplace and campus violence. Employers, however, should be more resolved than ever to prevent a "troubled" employee from escalating into a "troubling," dangerous individual. Not only are there new legal obligations to create and maintain a safe workplace, but there are more operational tools than ever before available to the proactive employer to do so in a thoughtful and comprehensive manner. This webinar features legal experts from around the country who have served on the front lines of this critical employment issue. They will provide practical information and guidance on such key topics as:

- ANSI standards – the new “touchstone”
- Creating the infrastructure for a workplace violence prevention team
- Critical issues prevention team members need to know, including:
 - Warning signs/risk factors
 - Domestic violence
 - Guns in the workplace
 - Criminal background checks/EEOC guidelines
 - The intersection of ADAAA with workplace violence prevention
